
EQUIPMENT REFURBISHING PROGRAM

Equipment refurbishing delivers a potential savings to qualified agencies while also providing job training skills to incarcerated men that will assist them in their reentry process. IPI's Rockwell City refurbishment center has a wide array of skilled workers with the ability to restore snow plows, truck boxes, and other equipment.

IPI has established the following standard price* for sandblasting and painting of popular items:

- Snow plow: \$1,481
- Wing plow: \$739
- Truck box: \$2,450

For all other types of equipment or if repairs are needed, IPI will provide an estimate based on photos; a final quote shall be provided after physical inspection of the equipment at the shop.

Equipment refurbishing quotes can be requested on the IPI website at www.iaprisoinind.com or by contacting IPI Customer Service at 800-332-7922 or ipicustomerservice@iowa.gov.

Showroom & Sales Office:
1445 E Grand Avenue, Des Moines, IA 50316
800-332-7922 | www.iaprisoinind.com

**IPI does not provide pickup or delivery service for equipment refurbishing. Once a project has been quoted, appointments can be made by calling 712-297-7717.*
