How to use this guide?

IPI is pleased to be the official vendor for Iowa Sheriff Departments. This visual reference guide is intended for use by authorized purchasing agents, staff, and anyone involved in the purchase or application of these fleet decals.

This Identity Guide communicates clear consistent implementation of the Iowa State Sheriff's and Deputies' Association's standards. Enclosed you will find the ISSDA's approved fleet decals, color palette, and font scheme. Any markings that deviate from these standards must receive prior approval from the [ISSDA](#).

This guide shall provide insight into what you will need to mark your official state vehicles, logo placement and design. Artwork, fonts, and digital files can be made available upon request through Iowa Prison Industries.

COLOR PALETTE

In printing, the prevalent color ink system used is the Pantone Matching System, more commonly known as PMS. In addition to the PMS colors noted below, there are other ink systems used for various media. The CMYK conversions will be used when producing video and multimedia projects. The hexadecimal descriptions will ensure that web efforts are as consistent as possible with other visual media.

* Colors can look different when printed on different materials – most noticeably uncoated paper.

Consistent use of typography enhances effective communication, builds familiarity, and strengthens the Iowa State Sheriff Department's image in the community.

The typefaces listed below are recommended. Various weights and versions are acceptable (light, regular, bold, italic, condensed, expanded, etc.). Other typefaces are not recommended unless there is a compelling business reason to do so. Please consult with the [ISSDA](#) if typeface selection is in question.
