

# Program: Homes for Iowa

## Project Description

The project provides jobs and training to people currently incarcerated and teaches them valuable skills that will facilitate gainful employment post release from prison.

- What outcomes are Homes for Iowa hoping to achieve with this program?
- How will the State measure whether these outcomes have been achieved?

### Intended Outcomes (1-3)

1. Decrease recidivism among program participants
2. Increase post-release employment
3. Increase housing supply in Iowa

### Potential Measurement/ KPIs

1. Recidivism rates (within 1 year)
2. Employment rates
3. Average earnings by quarter

### Outputs

1. Number of homes delivered
2. Number of incarcerated people trained – 6 months of training
