GENERAL DESCRIPTION:
Warewash Drain & Grease Trap Treatment is a stable, liquid suspension of cultured bacteria and enzymes capable of digesting complex proteins, starches, fats, oils and greases, paper, vegetable gums, hair, and other organic wastes. It provides odor control by neutralizing the malodor and eliminating its source.

EFFECTIVE:
The non-disease causing bacteria in Warewash Drain & Grease Trap Treatment degrades organic wastes naturally, liquifying the matter and keeping drains free flowing.

EASY TO USE:
Warewash Drain & Grease Trap Treatment is dispensed automatically through an Iowa Prison Industries pump at proper levels.

ECONOMICAL:
Warewash Drain & Grease Trap Treatment works at a dosage of approximately one gallon per week depending on the application. It helps keep drains free flowing, reducing the frequency of professional drain cleaning.

SAFE TO USE:
Warewash Drain & Grease Trap Treatment is non-toxic, non-contaminating, non-acid, non-caustic, non-corrosive, does not bear disease, and is environmentally safe. It is a natural bacteria, not a chemical.
