Indulgence Benefits

Unique Push-Pad Placement & ADA Compliance

Indulgence features a large, easy-to-use push pad located at the top of the dispenser. This placement allows the user to see the amount of foam being dispensed into the hand, thus reducing waste caused by over-dispensing product.

Economical to Use

Indulgence dispenses .75 mL of rich foam per push versus 1.5mL per push for most bag-in-box liquid systems. Assuming one dose per hand washing, **Indulgence** will provide twice the number of hand washings per 1000 mL bag.

Attractive, Innovative Design

Smooth, contemporary lines, textured non-glare surface, durable ABS plastic, and a footprint that is similar to most bag-in-box dispensers.

Large Viewing Window

The multi-purpose view window makes it simple to monitor the hand soap level.

Foaming Hand Soap with Aloe and Vitamin E

- Ruby Pink Color
- Pleasant Tropical Fragrance
- General Purpose
- Light to Medium Soil Removal

4-1000 mL Bags HC40825
Gray Dispenser S60640

- Kills a Wide Variety of Germs
- Active Ingredient: Triclosan at .5%

4-1000 mL Bags HC40850
Gray Dispenser S60640

Free dispenser with purchase of 8-units of Hand Soap

Keyed Locking Option

For added security, **Indulgence** dispensers feature a locking option. Dispensers are shipped in the manual mode, but are easily converted to the keyed locking option.

Guaranteed Leakproof

By placing the dispenser pump at the top of dispenser, rather than the bottom, the risk of leaking at the valve is eliminated.

Convenient 4-Pack Case and Bilingual Labeling

Each bag of product is individually labeled in English and Spanish.
