MOP IT ONCE

NO RINSE NEUTRAL CLEANER

DESCRIPTION:

A 100% organic detergent system that cleans floors without rinsing. Removes oil and dirt yet does not contain builders and water softeners which, when dry, will leave a white residue that can dull high gloss floor surfaces. A neutral pH product that will not harm modern floor waxes. Cleans without stripping high gloss finishes. Cuts the time and labor costs of everyday floor maintenance. Shake well before using.

ADVANTAGES:

- Completely organic
- No buildups or water softeners
- Leaves no dulling residue
- No rinsing necessary
- Saves time and money

DIRECTIONS FOR USE:

For Routine Floor Cleaning – Use 1-2 oz. of cleaner per gallon of warm water. Suitable for hand mopping or machine cleaning. Pick up dirt and allow to air dry. No extra rinsing is required.

For Dirty Floors – Use 2-4 oz. of cleaner per gallon of warm water. Change the water frequently while removing dirt, for dirty water will ruin and dull high gloss finishes.

After Stripping – Use 2 oz. of cleaner per gallon of warm rinse water to obtain a neutral pH. Allow floor to dry and apply finish.

RECOMMENDED FOR:

Surfaces in hospitals; schools; offices; restrooms; nursing homes; day care centers; classrooms; work areas; etc.

CAUTION:

KEEP OUT OF THE REACH OF CHILDREN

Only for sale to, use and storage by Service Personnel.

For best product efficiency keep stock rotated.

Shelf life is 1 year.
