

The easy transformation.

- Easy to operate.
- Easy to move.
- Easy to store.

Uniframe Tables and Convertible Bench:

Transforming multi-use spaces.

Cafeteria. Study Hall. Meeting Room.
Auditorium. Gymnasium.
All in one space.

You need durable, flexible,
maneuverable furniture.

Sit on it. Sit at it.
Fold it. Nest it. Roll it away.

Uniframe tables and benches
do it all for one low cost.

■ Uniframe Rectangular Tables with Seating

Exclusive combination pneumatic lift assist and torsional energy storage system for controlled, effortless folding operation.

Gravity down-lock prevents table from unexpectedly folding. Lock releases from either side of the table.

Storage lock engages automatically when table is folded. Lock release is accessible from either side of the table.

When tables are open, weight is off the casters, preventing unwanted rolling or table movement. Tamper-resistant caster cover.

Uniframe table with bench seating
8', 10' or 12' lengths

Uniframe table with split bench seating
12' length only. Get the economies of
bench seating with the separation of stool
seating.

Uniframe table with stools
(thermoset hard plastic attach with carriage
bolts or polypropylene attach to a heavy
gauge metal plate) 6 stools per side (upper
grade students) or 8 stools per side
(elementary students)
8', 10' or 12' lengths

Uniframe tables nest in a condensed
footprint, requiring the least amount of
storage space. Storage position is UL
approved to ease safety concerns.

Imagine.

Convert a room to anything you
want it to be ... cafeteria, study
hall, gymnasium, assembly or
meeting room. Uniframe tables
make it easy to accommodate any
number of functions in one space.

Easy.

They are the easiest to operate,
easiest to move, easiest to
rearrange, easiest to store, even
easiest to clean under. The unique
combination pneumatic lift assist
and torsional energy system, have
the smoothest, most effortless
operation of any tables on the
market. Uniframe tables are also
easy and inexpensive to own.

Strong.

Unitized all-steel frames provide
superior strength. Tables are cycle
tested 6,000 times. With an
industry-leading, ten-year warranty,
Uniframe tables ensure the lowest
lifecycle costs.

Accessible.

Uniframe tables with bench or
stool seating are also available as
wheelchair accessible models.
WA table surfaces allow for 31"
clearance and a section of seating is
removed to allow wheelchair access.

Frames available in duplex nickel
chrome plating or durable, non-
chipping black enamel.

KI's exclusive Perfect Edge is
thicker and more resilient than
any other edge. It absorbs
impact upon contact,
preventing damage to table
surfaces and walls.

Protect floors with KI's
industry-leading, 12" ABS
plastic glides. The increased
surface area reduces the
pressure points on the floor,
eliminating floor damage.

Lower overall height and
smaller frame stance allow for
easy doorway clearance.

■ Uniframe Round Tables with Seating

Exclusive combination pneumatic lift assist and torsional energy storage system for controlled, effortless folding operation.

Storage lock engages automatically when table is folded. Lock release is accessible from either side of the table.

Polypropylene stools are attached to a heavy, 8-gauge metal plate for greater strength, stability and durability. Thermoset hard plastic stools are attached with carriage bolts.

When tables are open, weight is off the casters, preventing unwanted rolling or table movement. Tamper-resistant caster cover.

Uniframe Round Table with Benches
7' diameter – top is 5' diameter

Uniframe Round Table with Stools
(thermaset hard plastic or polypropylene)
7' diameter – top is 5' diameter

Uniframe's seat support design allows easy egress and eliminates the need to straddle legs.

Uniframe Round Tables with Seating move safely through standard door openings.

Interaction.

Today's school cafeterias are more than just a place to eat. Students interact and share ideas during lunchtime. Uniframe round tables with seating are perfect for interactive environments. 60" diameter tables are available in two heights with your choice of eight stools or four benches.

Adaptability.

Precious school space must often adapt to multiple uses. The cafeteria becomes a conference area, meeting room or performance venue during non-school hours. Cafeteria furniture must adjust to these multiple needs quickly, safely and easily. Safe easy operation and mobility, easy rearrangement, easy storage and easy room cleaning make Uniframe round tables with seating the easy choice.

Durability.

Rely on superior strength and durability with Uniframe's unitized all-steel frames. Ensure easy ownership and the lowest lifecycle costs with KI's industry-leading, ten-year warranty.

Uniframe tables with seating provide sufficient clearance between top halves to prevent fingers from being caught or pinched. Pinch-free center hinges also assure safe operation."

Choose either extremely durable vinyl bullnose or exclusive Perfect Edge (sealed top prevents liquid or food particles from permeating the top core).

■ Uniframe Tables without Seating

T-legs increase knee room and seating capacity around the tables as well as eliminating the need to straddle table leg uprights.

Before the table can be fully opened, the semi-open safety lock must be purposely released.

Central hinge design incorporates three hinges for increased strength, stability and table life.

Tables are 27", 29", or 31" high. Round tables are also available in 42" stand-up heights.

Rectangular table – 8', 10' or 12'

Oval table dimensions – 5' x 5' or 5' x 6'

Round table – 4', 5' or 6'
(no stand-up height on 6')

Square table – 4'

Hexagonal table – 4'

Octagonal table – 5'

Versatility.

For smaller groups, confined spaces, multi-use spaces, more relaxed environments, and special needs, Uniframe shape tables without seating are ideal.

Variety.

There's sure to be a Uniframe table without seating to fit your needs. Choose from six shapes, three heights, multiple sizes, a selection of 41 standard laminates, either black or chrome frames, and either vinyl bullnose edge or Perfect edge.

Special needs.

The 31"-high wheelchair-accessible unit makes it easy for wheelchair users to sit comfortably and safely. The 42"-high, stand-up height round table is ideal for fast dining or brief meetings.

31" wheelchair-accessible unit

Perfect Edge prevents penetration by liquid or food particles that can lead to bacterial build-up.

Maximum utility. Minimum cost. Unlimited flexibility.

Food service areas often double as study halls, meeting rooms and more. You need a bench with back support ... a bench with worksurface ... a cafeteria table ... Uniframe convertible bench does it all for one low cost. What an intelligent use of funds.

Quick and easy to assemble. Cost effective.

Uniframe convertible bench ships partially assembled. Final assembly on site can typically be done in 10 minutes without special tools. Truly simple assembly.

Ensured quality. Easy operation.

It's even easier to operate than it is to assemble. From the folded position, just pull down the bench seat and pull up the worksurface. Or, combine two units to create a high-quality cafeteria table. The ganging mechanism is fully integrated into the frame and located under the worksurface.

Worksurface is 29" high.

Length is 6', 7' or 8'.

Frame is black.

Edge is vinyl bullnose.

Available in Maple, Walnut or White Silica laminate finishes.

As a bench with back support. For meetings, performances or assemblies.

As a bench with worksurface. For study hall, cafeteria or instruction.

As a cafeteria table (two units ganged together). For lunch time or group projects.

To return bench to folded position. Simply lift up on the worksurface to release the gravity lock and fold down.

Nest folded benches for compact storage.

**You make the rules.
We make the rest.®**

Of course KI solutions work better for you. They're made for you. No one pays more attention to customer needs than we do. We don't design our furniture to win awards (even though it does). We don't rely on one-size-fits-all solutions (even though they would make our life easier). We find out what the market needs. And, we make it. The same applies to our service, distribution...everything we do. KI solutions work, because we're working for you.
