# — ABOUT IPI —

Iowa Prison Industries (IPI) is the work arm of the Iowa Department of Corrections, providing offenders with the opportunity for *Building Brighter Futures* through our work programs.

IPI's work training programs are one of the most successful programs in reducing recidivism - the likelihood that a released offender will return to prison.

Since more than 90% of Iowa's offenders will eventually be released, the work training programs of IPI are vital to the safety and security of Iowa.

IPI is 100% self-funding and relies on the sales of our products and services to fund these valuable offender training programs. IPI's products and services are only available to purchase by governmental agencies, school districts, non-profit groups and employees of these organizations.

IPI's training programs consist of Traditional Industries, IPI Farms and Private Sector work programs. In total, IPI employs over 700 offenders daily in one of our work programs, accounting for over one million hours of offender work training in the course of a year.

Iowa Prison Industries has an Advisory Board consisting of private citizens representing banking, education, agriculture, labor, vocational education and one member of the parole board.

Please visit the IPI website at [www.iaprisonind.com](http://www.iaprisonind.com) to learn more about Iowa Prison Industries.

**Biodegradable Starseal Bags**

IPI Biodegradable Bags naturally degrade in 9 months to 5 years in in landfills, in compost (backyard or commercial), buried in the ground or littered and in agricultural and erosion control settings. They require no special handling or storage and are competitively priced while providing the same strength per mil as our non-biogradable bags. All Biodegradable Bags contain 30% recycled material and feature starseal, which allows bag to conform to shape of container while preventing leaks.

Size (WxL)	Capacity	Gauge	Color	Material	Recycled Content	Item Number	Case Quantity
24" x 23"	7-10 Gallon	.5 mil	Clear	Triolefin	30%	FP242305SD	Case of 800 bags
33" x 39"	33 Gallon	.7 mil	Clear	Triolefin	30%	FP333907SD	Case of 250 bags
33" x 39"	33 Gallon	.9 mil	Black	Triolefin	30%	FP333909SDB	Case of 200 bags
39" x 58"	55 Gallon	.9 mil	Clear	Triolefin	30%	FP395809SD	Case of 100 bags
39" x 58"	55 Gallon	.9 mil	Black	Triolefin	30%	FP395809SDB	Case of 100 bags

**Clear Starseal Bags**

Industrial strength bags are strong, affordable and convenient. Constructed from a combination of plastics, IPI Starseal Plastic Bags are thinner but just as strong as thicker bags. Providing maximum puncture resistance and strength, bags will carry heavy loads. Most sizes contain 30% recycled material. Starseal allows bag to conform to shape of container while preventing leaks.

Size (WxL)	Capacity	Gauge	Color	Material	Recycled Content	Item Number	Case Quantity

# — PLASTIC BAGS —

## Black Starseal Bags

Multi-purpose Black Starseal Plastic bags are highly puncture and tear resistant. They are constructed from either Triolefin plastic – a combination of plastics with 30% recycled material or HDPE plastic. Starseal allows bags to conform to shape of container while preventing leaks.

Size (WxL)	Capacity	Gauge	Color	Material	Recycled Content	Item Number	Case Quantity
24" x 24"	7-10 Gallon	.4 mil	Black	Triolefin	30%	FP242404SB	Case of 500 bags
24" x 31"	12-14 Gallon	.8 mil	Black	Triolefin	30%	FP243108SB	Case of 500 bags

44" x 48"	55 Gallon	1.5 mil	Black	Triolefin	30%	FP444815SB	Case of 100 bags

## Layflat Bags

Heavy-duty bags feature a layflat seal.

Size (WxL)	Capacity	Gauge	Color	Material	Recycled Content	Item Number	Case Quantity
21" x 33"	11-12 Gal	2.0 mil	Clear			FP213320LC	Case of 575 bags
44" x 48"	55 Gallon	2.5 mil	Black			FP224825LB	Case of 50 bags
44" x 48"	55 Gallon	3 mil	Black	LDPE	0%	FP444830LB	Case of 50 bags

## Gusseted Bags

Clear gusseted bags are great for numerous uses.

Size (WxL)	Capacity	Gauge	Color	Material	Recycled Content	Item Number	Case Quantity
7/4" x 11"	1 Gallon	.9 mil	Clear		0%	FP741109GC	Case of 1450 bags
7/4" x 19.5"	2 Gallon	.9 mil	Clear		0%	FP741909GC	Case of 1000 bags
35/16" x 36"		2.0 mil	Clear		0%	FP35163620GC	Case of 100 bags

## Biohazard Bags

IPI Biohazard Bags allow safe and secure storage and disposal of biohazard waste. Choose from red or yellow bags pre-printed with biohazard warning. They are produced with Triolefin plastic, which is a blend of HDPE, LLDPE and Polypropylene resins and contains 30% recycled content, for its superior film characteristics. Layflat seal and gusseted styles are available.

Size (WxL)	Seal	Gauge	Color	Material	Recycled Content	Item Number	Case Quantity
12/4" x 21"	Gusseted	.9 mil	Yellow	Triolefin	30%	FP1242109GYH	Case of 1,000 bags
24" x 24"	Layflat	1.25 mil	Red	Triolefin	30%	FP2424125LRH	Case of 250 bags
24" x 36"	Layflat	1.25 mil	Red	Triolefin	30%	FP2436125LRH	Case of 160 bags
24/6" x 33"	Gusseted	.9 mil	Red	Triolefin	30%	FP2463309GRH	Case of 200 bags

# PLEATED FILTERS

## Pleated Air Filters

Pleated Air Filters are widely used as pre-filters for higher efficiency filters or as final filters. When used as a pre-filter, they will add substantially to the life of the more expensive high efficiency filters. When used as a final filter, these filters will be up to 2.5 times more efficient than conventional filters. High Capacity Pleated Air Filters have 50% more media to last longer between filter changes.

- Average atmospheric efficiency of 20% - 25% (ASHRAE 52.1 1992)
- 100% synthetic engineered media reinforced with galvanized expanded metal
- Enclosed in a heavy-duty, moisture resistant die cut frame that will not crack, warp or distort under normal operating conditions
- 150° F maximum temperature
- UL classified as to flammability; Class 2 (R12347)
- Custom sizes available

# — POLYESTER FILTER PADS & ROLLS —

## Polyester Filter Pads & Rolls

Polyester Air Filter Pads fulfill most HVAC general filtration requirements. Polyester filters are frequently used to replace fiberglass filters, which can fragment and send glass slivers into the airstream. Polyester is soft, easy to handle and offers higher arrestance and dust holding capabilities than most fiberglass filters.

- Operate in temperature range of -40° to 180° F
- UL classified as to flammability; Class 2 (R12347)
- Available in precut pads or in bulk rolls
- Custom sizes available

# V-BANK FILTERS

## V-Bank Filters

High efficiency minipleat filters; the DuraMAX 2v™ is an extended surface air filter engineered to provide maximum performance and prolonged filter lifecycles in office buildings, hospitals, paint booths and all types of commercial and industrial HVAC applications.

- Minipleat design provides low pressure drop and reduced energy costs
- High efficiency microfiberglass filter media provides high efficiency and superior dust holding capacity for prolonged service life
- Lightweight all-plastic frame installs easily into side-access housings or front-load holding frames; an ideal choice to replace bag filters and other box-style rigid filters
- All plastic frame is durable and incinerable

## 12" V-Bank Filters, MERV 14

- ASHRAE Filter Efficiency: 95%

## SATISFACTION GUARANTEE

---

“We guarantee your Total Satisfaction on all purchases from Iowa Prison Industries! If you are unsatisfied with the quality of the materials or workmanship, we will adjust, repair or replace to YOUR satisfaction.”

– Dan Clark, Director IPI

---

## WARRANTY

---

### IOWA PRISON INDUSTRIES LIMITED LIFETIME WARRANTY

EFFECTIVE 06/01/12

**Iowa Prison Industries (IPI) warrants that IPI products are free from defects in materials and workmanship for as long as the original purchaser owns them.**

#### Limitations:

The particular product lines, materials, and components listed below are covered according to the following schedule from the date of delivery under normal use conditions:

#### *Seating/Upholstered Products:*

Mechanisms, pneumatic cylinders & other seating parts not specifically listed	10 years
Casters	1-10 years*
Fabric	1-10 years*

#### *Braille Shop:*

Transcribed books & tactiles	1 school year
Braille writer repairs	90 days

#### *License Plates:*

Reflective sheeting	Per vendor
---------------------	------------

*\*Varies depending on specific IPI vendor*

#### **Provision regarding color variations, fabrics, and finishes:**

Some natural variations occurring in wood, leather or other natural materials are inherent to their character and not considered defects. IPI does not warrant the colorfastness or matching of colors, grains, or textures of these materials. Customer's own materials (COM) selected by and used at the request of a user are not warranted.

#### **This warranty does not apply to:**

- Normal wear and tear (Note on seating usage: Normal commercial usage for seating is defined as the equivalent of a single shift, forty (40) hour workweek unless the chair is specifically warranted for multiple shifts.)
- Products that were not installed, used, or maintained according to IPI instructions and guidelines
- Damage caused by abuse, misuse, accident, or negligence.
- Alteration or modification of the product not approved by IPI.
