## DAKOTA SERIES

*Offers superior support and comfort for mass-seating applications*

- Injection-molded polypropylene shell cleans easily and resists wear, even in heavy-use conditions
- Contoured seat for greater comfort
- Add optional field replaceable, upholstered 0.5" thick seat and back pads for extra comfort
- Stacking bumpers protect the chairs from damage when stacked
- Chair frame constructed of .4375" solid steel rod, powder coat painted or chrome plated
- Poly chairs stack 15 high on floor, Padded chairs stack 8 high on floor (chrome frames recommended for chairs that will be stacked)
- Glides options available to accommodate any flooring surface: no glides, stainless steel, non-skid rubber/PVC, clear plastic, ganging plastic and ganging stainless steel
- Optional left or right-handed poly flip-up tablet arm is generously sized (12"d x 20.5"w) available on poly chair only; non-stackable
- Optional dollies for poly chairs (holds 45 chairs) and padded chairs (holds 15 padded seat or 16 padded seat & back chairs) feature 5" casters
- Quantity discounts available
- 250 lb. weight capacity
