

## NAVIGATOR AIR NESTING

### *Contemporary mesh style and comfort in a flex-back chair*

- Unique flip-up seat allows several chairs to nest together for easy storage and mobility
- Back flex operates via a torsion-bar mechanism that allows 12° of recline with gradually increasing resistance
- Mesh back conforms to your back for a tailored fit while the open weave improves circulation around the body for greater thermal comfort; available in black or grey mesh
- Integral lumbar support for added comfort
- 1.75" thick upholstered seat for long-term comfort
- Optional fixed arms are cantilevered, seeming to float right where you need them
- Lightweight but sturdy 13-gauge, 1" round steel tube legs are available powder coat painted or chrome plated
- 60mm double wheel high-impact thermoplastic casters available for carpet or hard floors
- Optional left or right-handed tablet arms (2 styles available: black-poly or laminated-wood) are designed to allow chairs to still nest
- Full Navigator Air line includes stacking and nesting chairs
- 300 lb. weight capacity
