The Textiles Operation 7
Iowa Prison Industries’ textiles operation consists of two shops, one located at the Iowa State Penitentiary in Fort Madison and a second at the Iowa Correctional Institution for Women in Mitchellville.

The original textiles shop, housed at the John Bennett Correctional Center at ISP, has been in operation since 1992. The textiles operation typically employs about forty inmate offenders. This shop produces all of IPI’s clothing and textiles except jeans. IPI’s embroidery operation is also housed within the Textiles Shop.

The textiles shop at Mitchellville focuses exclusively on jeans production to meet the needs of Iowa’s institutions. Since opening in February of 2007, the jeans shop has nearly doubled in physical size, inmate employment and production capabilities.

The shops consist of various types of textiles machinery, allowing its inmate employees to learn valuable skills that will transfer to society upon their release.

For current prices, color swatches, new or revised products and ordering information, please see the additional literature located in the inside front cover or visit our web site at http://www.iaprisonind.com.

Iowa Prison Industries (IPI) is the work arm of the Iowa Department of Corrections, employing inmates throughout the State of Iowa in manufacturing, farming and private sector work programs. Each business is 100% self-funding and, since 1996, has returned over $10 million in revenue to the General Fund for education, taxes, family support and room and board.

At Iowa Prison Industries, we believe the cornerstone of an adult’s life is work. Thus, IPI seeks to offer work vocations that will allow our offenders to learn skills in our nineteen businesses that are transferable to the streets upon release. We begin the training process of each inmate we employ by requiring them to apply for the job they desire. Moreover, they must demonstrate their willingness to build products that they are proud of. Each offender is evaluated on craftsmanship, timeliness and attitude, assuring our customers that only the highest quality products are delivered day in and day out.

No sale is ever final with Iowa Prison Industries. Our products must meet your expectations, not ours. You will find doing business with IPI a pleasure; after all, you own the store.

Testimonials

Iowa State Penitentiary: Mattresses
“I just want to convey my appreciation to IPI for coming up with the security view mattresses. We are in the process of placing them in all our segregation areas at the Iowa State Penitentiary. These mattresses make it near to impossible for inmates to hide contraband and they allow staff to conduct searches of inmate’s living quarters much easier and quicker. Eventually all of our cells will have these mattresses. Besides, the price is right. Thanks again.”
